

CHIEF INSPECTOR FITZGERALD KILLED

**RUN OVER BY STREET CAR
NEAR MOBILE—BODY IS
BADLY MANGLED**

Mobile, Ala., Dec. 19.—Chief Car Inspector W. L. Fitzgerald, of the Mobile and Ohio shops, at Whistler, Ala., was run over and killed at a late hour last night by a car of the Mobile Light and Railroad Company near Prichard, and instantly killed. The accident occurred a quarter of a mile west of the Mobile and Ohio crossing. The right arm and right leg of the man were crushed off and his hip was wrenched and bruised and otherwise mangled. The body has a large number of other bruises about it. The skull of the man was crushed in and there was an ugly wound at the base of the forehead. It is the belief of a number of people that Fitzgerald was first struck on the head and rendered unconscious while walking along the track.

Neither the police or the sheriff were notified until a late hour of the accident and an investigation was begun today to determine exactly the cause of the man's death.

The remains last night were taken in charge by Chenshaw Undertaking Company and after being prepared were removed this morning to the family home at Whistler.

The car that struck the body of the man lying on the track and mangled was in charge of Conductor H. Darby and Motorman S. M. Duke. Duke says that he was running at the usual rate of speed

WILLIAM TELL ACT IN MODERN TIMES

**FATHER SENDS BULLET INTO
ROBBER'S HEAD—USED
BOY AS SHIELD**

Grand Junction, Col., Dec. 19.—After a running battle last night between a posse and three robbers who had looted a general merchandise store at Clifton, six miles from here, one of the robbers was killed and two captured.

Four small boys who were hunting rabbits three miles south of Clifton, discovered the robbers in a deserted dug-out. Three of the boys covered the robbers with their small calibre rifles, while the fourth went for help. Before the officers arrived, the officers succeeded in making the three boys prisoners and forced them to carry a portion of the stolen goods eight miles. When the posse overtook them, each of the robbers seized a boy and used him as a shield to protect them from the fire of the pursuers, meanwhile keeping up a running fire from their revolvers.

W. H. Harrison, father of two of the boys, and leader of the posse, took a desperate chance and shot one of the robbers, who was holding one of Harrison's boys before him, through the head, killing him instantly. The other robbers then surrendered.

when he saw the body of a man lying on the track. It was impossible, he says, to stop the moving car and the wheels crushed the body and dragged it some little distance.

ONE DAY AND A HALF SURVIVES STAB IN HIS HEART

There is but one and a half days to get subscriptions to the Eagle at the present reduced price of \$4 a year. The paper wants to lend encouragement to those who want to work for the books. If you get 25 renewals to the paper, at \$4 a year, you have \$100. You are entitled to 50,000 on this, and in addition, the Eagle will give 100,000 votes as a premium, which will make 150,000 for twenty-five renewals, or subscriptions. If you get fifty renewals, we will give a premium of 300,000 votes, in addition to the regular votes allowed on the paper.

This ought to stimulate some additional work. There are hundreds of people who haven't yet renewed for the paper, and some owe for this year. Hundreds others might take it for another year.

Many people came in today and paid their accounts to get the votes, and many will come tomorrow, and Thursday before dinner time.

There are many votes held back for all contestants, but good voting is being done every day.

The time is limited. Your efforts might save the books.

CONFISCATED LIQUOR THROWN INTO SEWER

**\$1,200 WORTH OF BEER AND
WHISKEY DESTROYED.
MORE STILL TO GO**

Birmingham, Ala., Dec. 19.—Twelve hundred dollars worth of beer and whiskey was destroyed at the county jail today on instructions issued by Judge Weaver of the Criminal Court. The liquor thrown down into the sewer was that confiscated on several raids by deputy sheriffs during the past six months.

There is in the store rooms of the sheriff several thousand dollars worth of liquor and beer and it will be destroyed or returned to the men from whom it was taken when orders are issued from the criminal court.

Sheriff Higdon is making efforts to get instructions on the matter before his term expires, January 16. The beer and whiskey is in cases, separate bottles, in barrels, casks and in other shapes. Some of it is among the best whiskey manufactured, the deputies showing no partiality when on raids, and confiscating the stuff.

JESSE PITTMAN GETS WEST POINT APPOINTMENT

Jesse Pittman, brother of Prof. W. I. Pittman, of the Dothan City Schools, and son of Mr. Jesse Pittman, living just north of town, has received notice of his appointment to the United States Military School at West Point, N. Y., through the efforts of Hon. Henry D. Clayton, and the high record he has made as a student.

He is one of the brightest young men the city schools have turned out, and he will no doubt be an honor to his town as an army officer some time.

Telephone No. 119

Tuesday, December 20, 1910

The weather will probably be good for shopping all this week, but one shouldn't wait

Before you send your boy or girl back to college, suppose you buy a four months' subscription to the Eagle, and let it visit them in their rooms every day. It will save you many letters

Dr. Cook is still selling his stuff to the magazines just like he had been there. And still, not all of us can remember whether it was Dr. Cook or Dr. Crippen who said they found it

There are getting to be so many automobiles in Dothan till a new one no longer attracts attention. A couple of car loads have been sold here within the last few days and the selling is still good, it is said.

If you walk into a store and do not get wanted on immediately, don't get huffy and walk out. You will find the next store crowded, too. The thing for you to do, is to shop early—get down early, and wait your time.

Looks Sane

The outlook is good for a sane Christmas in Dothan. The city authorities have said that no fireworks would be sold or exploded in the city. We ought to be proud of this, for if there is a foolish thing, it is exploding a lot of fireworks, frightening stock, dogs, children, and, in fact, everything and everybody except the boys from ten to eighteen years old.

Then there is an element of danger attached. It hardly ever happens that we all can get through a Christmas without losing life or limb.

Opportunities for Giving

The greatest pleasure of Christmas is probably the anticipation, and when you have tanked up on turkey, and egg nog, it is a poor consolation when you suspect the poor around the corner has had none of the eatings that go with the yuletide.

Get a move on your thinkery, and slip off from your other self, and find out what you can do to help some poor person along, to make some one feel better for having experienced another Christmas.

To make yourself feel proud of the job, you need not give so much. Probably you wouldn't have to give as much as you often spend foolishly in one day.

You might pick out a thinny clad boy, or a girl, and buy them some clothes that will touch the right spot. You might watch the small boy's wistful expression as he flattens his nose against some show case, charmed by a ten-cent article, and put it within his reach, with a kind word and a smile.

Plenty of opportunities all around you, to have a good time Christmas, if you only take advantage of them.

A rather striking way to make a lasting impression is to hunt up the man you have been owing for some time, and take him into your

confidence. Then pay him, and apologize for keeping him out of his own for so long a time.

Reads Like the Lady or the Tiger.

Great excitement has been created in local hunting circles about a panther said to have been killed in the Everglades of Florida by some Montgomery hunters a few days ago. The Advertiser's headlines of the article tell it in this manner: "Dogs free animal which measures nine feet after exciting chase." Nothing is said, not one word, as to how many feet the animal measured before the chase, or whether the hunters had an opportunity of measuring the animal before the chase.

Or, it might have been an effort on the part of the headline writer of the Advertiser to make no statements not backed up by actual facts. Therefore, the headline writer knew in reason that it was impossible to measure that panther before he was caught, so he is particular to state that the measurements were made after the killing. Quite an important matter, with a paper that is called down occasionally, and threatened with libel suit.

So this may account for the statement about the panther measuring nine feet after exciting chase.

We are glad to note the efforts of the Advertiser to trim its language down to a dovetail fit, lest some one might misunderstand its meaning, as is often the case.

That was some panther though, and puts one over Alabama, unless we are allowed to change the species to tigers. We would stack up very well on tigers of the big variety, but we are not bothered much with panthers.

Dothan's Census

It was two years ago when the city decided to take the census of Dothan. It employed two men who were reliable, and they took the town, one way, street by street and when they had finished they took the cross streets. They took the negroes and whites, keeping a separate list. They put down the names of the people, and they were tabulated, or alphabetically arranged, showing their address. When the total was added, it was seen that we had 7,130 people in Dothan.

These two men did the work thoroughly. They were not paid so much per head, and had no interest in showing a big population, or had no reason to rush through. Their work was satisfactory. They put down the names and street address, and if any one doubted, they only had to go to such and such a number, and inquire who lived there, and how many.

This paper has a list of those people in the office.

Any one familiar at all with the town and its history, knows that it has grown more rapidly during the last two years than it did during the previous two. We all know that something like a hundred residences have been built and occupied since then. Of course, some few have moved away, but not many.

Taking all of these cold facts into count, what do you think of the government census?

It has been such a common thing for jay towns to send up howls about their census figures falling down, till the government is sick and tired of hearing complaints, no doubt. We don't care, here in Dothan, but there are six or eight thousand of us who feel like that we have at the least figures, 8,000 to 8,500 people. But what does it matter? We have grown to more than twice the size, during ten years. During the next ten we can do much better. We have a better start.

But when we pulled the actual names and addresses of 7,130 people

ple in June, 1908, how are you going to account for the figures of 7,016 in 1910?

Moved away? Oh, no; the post-office receipts don't show it. They show that a thirty per cent gain has been made. School attendance shows it and the lack of house room in town. We have all the houses we had then, and hundreds more, and they are all occupied.

We can take three men and make a census of this town within a week, giving names, ages, sex, color, place of residence, and show 8,000 people. Then when you look over the list and doubt it, go to locating the names of people you think are fake. You could easily disprove a peddled report.

Timely Suggestions For Investors

There is a scarcity in houses to rent for from \$12.50 to \$15 a month. We have an average of ten applications a week for houses of this class. Eight hundred dollars invested in a lot 270 feet east front, two blocks from the new high school building and towards Main street will furnish five lots for houses, say to cost \$1,000 each. On an investment of \$1,160, one can have an income of \$180 a year easily. This property is in a white section and will advance in value rapidly.

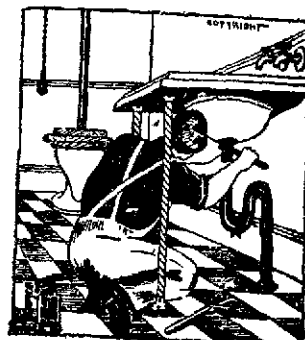

Take a look at a new six-room residence on South Appletree street on a two-thirds of an acre lot we are offering at \$1,600. It's worth a fourth more.

West Main property is as cheap as it will ever be. If you contemplate owning a home on one of the best streets in Dothan, it would be well to investigate the homes we have for sale on this street.

With the improvements just completed on East Main street, property in that part of town is increasing in value. We have an elegant seven-room house, with all conveniences, almost new and on a lot 100 by 226 feet and 140 feet adjacent frontage for sale. The price is \$5,000. It's worth \$6,000.

We have for immediate sale 160 acres on public road half mile from city limits, well improved and naturally fine land. We can sell at \$25 per acre if taken before Dec. 15.

A Business Proposition

"And now that I have satisfied my mind as to your capacity, Mr. Threnody," said the Great Man, "what salary do you think you should receive as my private secretary?"

"Well as to that," replied Threnody, "I haven't any fixed sum in my mind, Mr. Gowge but I think I should receive enough to place me beyond temptation to dispose of confidential information surreptitiously to your enemies."

"That is a sensible suggestion said Mr. Gowge. "You apparently have a good business head. Hadn't I better insure myself by a small annual payment against blackmail, too, in case you leave my employ?"

"I was about to suggest it," said Threnody.

"All right, Mr. Threnody, the bargain is closed," said Mr. Gowge. "You will please report for duty on the first of December."

"Yes sir," said Threnody. "The first of December," repeated Mr. Gowge, looking over his calendar. "In the year 2000. Good morning, sir."

Remember that when your kidneys are affected, your life is in danger. M. Mayer, Rochester, N. Y., says: "My trouble started with a sharp shooting pain over my back which grew worse daily. I felt sluggish and tired, my kidney action was irregular and infrequent. I started using Foley Kidney Pills. Each dose seemed to put new life and strength into me, and now I am completely cured and feel better and stronger than for years."

FIGHT OVER THE SALE OF COCAINE

New Orleans, Dec. 19.—Following the fight made by the authorities of New Orleans on the promiscuous sale of cocaine and other habit forming drugs, the state board of health has taken the matter up and the crusade will be made state-wide.

Serious objection has been offered by druggists and dentists to a proposed measure sought to be incorporated into the code of the state board of health, chief among these objections being that the new act in the code will prevent both wholesale and retail dealers from keeping a supply on hand.

"We have between twenty five and thirty thousand drug heads in our midst," said District Attorney St. Clair Adams this morning, "and while these are principally negroes, many are in the higher walks of life."

"It is my opinion that the objections to restrictions being placed on the sale of habit forming drugs arises from misapprehension of the meaning of the new act proposed."

"It is true, however, that one section of the proposed measure provides that no prescription containing habit forming drugs may be refilled."

These drugs have been sold at prices high and low, like rice, sugar and other ordinary commodities, and this simply means that Louisiana will follow in the footsteps of other states and enforce rigid restrictions in the sale of cocaine and other drugs of like nature."

"MUSIC HALL GIRL" COMING

The next attraction at the Elite will be the "Music Hall Girl," which will be presented Friday night. The show has a number of pretty girls and some fine music, and promises to be a good attraction.

AT THE ELITE

"Jack's Wife," a pretty four-act comedy-drama, was presented last night at the Elite theatre by the Sylvia Summers Company, Miss Summers appearing in the leading role.

There was only a small number out to attend the performance, but those who were present seemed to enjoy the entertainment. The parts were well rendered and the show is a good one for the small price charged.

This was the opening production of the three night's engagement of this company at the Elite. "The Bachelor and the Girl" will be presented tonight, and is said to be a good show. The prices to the shows during the remaining two nights will be 25, 35 and 50 cents.

They will also give a matinee tomorrow afternoon.

Comedy in an Auction Room

I witnessed the following funny incident in one of the largest Edinborough auction rooms, says a writer in the London Telegraph. A big, stout lady apparently of the broker class, had ensconced herself comfortably in an armchair, and in due course began bidding for a table, on which a tired looking man, for want of something to sit upon affectionately leaned. Competition was brisk, but in the end the table was knocked down to the stout lady, who no sooner recognized that it was her property than, stretching out her arm, she sharply rapped her knuckles on it, exclaiming, "Hey, man!" But the tired looking man paid no attention, so she next poked him with her umbrella and said with greater asperity than ever, "Lean off that table, will you! It's my property, and you'll scratch it!"

The leaner regarded her fixedly for a moment or two, but did as requested. He did more, however, for pulling a scrap of paper from his pocket he put it under the lady's nose, with the quiet remark, "O'ye see that?" and he next indicated a corresponding number on the armchair she was seated on. "Well, then," he continued when she had acquiesced with a wondering nod of her head, "git off, it's my chair and I want to sit down!" And she had to get.

SOIL SURVEYS

Washington, D. C., Dec. 20.—The annual report of the chief of the Bureau of Soils, U. S. Department of Agriculture, shows that during the fiscal year soil surveys were made of 4,224 square miles of territory in the state of Alabama, making a total of 22,592 square miles, or 14,558,880 acres, that have been surveyed in the state since the bureau began work there. The work of investigating the soil conditions has been in conjunction with the agricultural department of the state.

Up to date, reports of the following surveys have been printed: Autauga, Bibb, Blount, Butler, Calhoun, Gilbert, Cullman, Dallas, Etowah, Hale, Henry, Jefferson, Lamar, Lauderdale, Lee, Macon, Marion, Montgomery, Sumpter and Talladega counties, Fort Wayne area, comprising portions of DeKalb and Cherokee counties, and the Huntsville area, comprising portions of Limestone and Madison counties. Surveys have been finished and the reports are in the hands of the printer for Baldwin, Chambers, Coffee and Tallapoosa counties. The new areas that are to be surveyed during the winter are the counties of Mobile, with 802 square miles, Jackson, with 1,163 square miles, Randolph, with 579 square miles, and Tuscaloosa, with 1,380 square miles.

Messrs. Winston, Burke, Waldrop and Maynard are the experts from the department who will conduct the surveys, in conjunction with assistants from the state agricultural department.

A great demand has been made on the department at Washington for copies of the reports of the various surveys and for advance information as to the character of the soils which are found by the experts. A large number of these requests are from people outside of the state who wish to know if the soils are fertile and what they are best adapted to.

"CORRECT DRESS FOR WOMEN"

A Lesson from Experience.

Chief Joe Engleman, leader of the Miamis, was talking in Peru, Ind., about his tribe's claim against the government, says the Indianapolis News.

"We Miamis will never fall into the same trap twice," said, in the cultivated tones of a university man, the handsome chief. "We know from experience what to expect. We are like the beautiful girl who accepted the hand of her millionaire employer."

"Yes, Clarence," the girl said, patting the millionaire's scant gray hair, "I will marry you, but I have one request to make."

"Name it, my love," said the doting old man.

"Let me select," she replied, "my successor at this desk."

What She Wanted.

There were a number of ticket buyers in the theatre lobby, says the Cleveland Plain-Dealer. Following the unwritten law they had formed in line and were being waited upon according to precedence.

Suddenly an overdressed woman, ignoring the line, rushed up to the window and tried to engage the attention of the box office man.

The box office man shook his head at her.

"Madam," he said with some emphasis, "you must take your place at the foot of the line."

"Foot of the line," she repeated. "Nonsense!"

"You will not get any tickets," declared the man, "until all these people in line have been served."

"Tickets!" cried the woman. "I don't want any tickets. All I want is change for a dime. Two nickles will do. Thanks."

And she hastily rustled out.

Smartness Worth While.

Eben Pratt of Marshby had sent two sons to Boston and knew he had reason to be proud of them, says the Youth's Companion. One day a summer visitor lingering in Mr. Pratt's grocery, provision and dry goods establishment, mentioned some of the shining lights who had made themselves remembered in and near Boston, and others still to be found there.

"We've had a good many smart men and women in and around our city," said the visitor, "and there are a number of them left. We've got scientific men and writers and artists and musicians and—"

Mr. Pratt's dry voice broke in on the list. "If you call those folks smart," he said, "you want to go down near the water, to an address I'll give ye, and see the way my boys, Ed and Sam, can open oysters! I guess that'll give ye something to go by when you're talking of smartness."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation is taken out and this tube restored to its normal condition, hearing will be destroyed forever, none cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness cured by our method that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. P. J. CHENEY & CO., Toledo, O.
